

## Press Release Contact Information

This list can be as vast as your research time allows. There are hundreds of news and event related Websites in addition to print and broadcast media. This is a list of some popular local newspaper contacts, and a few other miscellaneous media emails. Use the Internet for a more detailed list; Google "New Jersey newspapers" or "New Jersey magazines." Depending upon what you are "selling," you may want to greatly broaden your horizon; a manufacturer may want to go national.
